Personal Profile

I am a Ph.D. student at the ECE department, University of California San Diego, USA. I received the Bachelor's degree in Mechanical engineering and Master's degree in Informatics both from Kyoto University, Kyoto, Japan, in 2022 and in 2024, respectively. I was fortunate to be advised by Prof. Kazunori Sakurama and Prof. Toshiyuki Ohtsuka. From April 2024 to August 2024, I was a research fellow at Kyoto University funded by the JSPS Research Fellowship for Young Scientist DC1. My research interests include control theory, optimization, and their applications to network systems (e.g., distributed algorithms). I was awarded the 2024 Funai Overseas Scholarship.
